

ACCESSIBILITY INFORMATION

2026

ACCESSIBILITY TO THE RIDES

For safety reasons, access to the rides is subject to restrictions mostly related to physical parameters and health conditions. These include age, height, heart and spine problems, physical-sensory and cognitive limitations. Below you find the list of all the accessible rides according to your disability (pictograms and their respective description can be found in the last section next to this one). We remind you that, in order to access the rides, you must be accompanied by an adult devoid of any disability.

For safety reasons, Guests with disabilities must be accompanied on attractions by an adult without disabilities.

USEFUL INFORMATIONS

INFORMATION POINT

For any need you may have during your visit to the Park, you can go to one of the following Information Points: Info Welcome, Info Castello and Info West , which are marked in the map with an

WHEELCHAIR RENTAL

Some manual wheelchairs are available. They can be rented at the Welcome Info Office, there is a limited number available and you cannot make bookings in advance. To make use of this service, your ID will be requested. Paid service.

ACCESS TO VENUES

Rides

The path leading to the attractions may require navigating steps and other obstacles, sometimes in low-light conditions, with limited visibility, intermittent lighting, and background sound effects or noise. Access to the attractions requires the presence of an accompanying adult without disabilities, who is able to assist the Guest during all phases of boarding and disembarking

Shops and Restaurants

Our shops are accessible to all Guests with disabilities: please contact our staff for any assistance you may need.

Theatre and Toilets

The theatres where shows are performed and the toilets at Gardaland provide designated spaces for Guests with disabilities. However, for the theatres, it is advisable to arrive at the entrance of such theatres well in advance the set start time.

YOUR SAFETY COMES FIRST

Remember that the access modes (maximum number of people in the trail for each single lap, specific vehicles, etc.) may vary depending on the type of ride. We remind you that, to ensure your safety and that of our staff, access is allowed for one person with a disability per ride; in case a Guest with a disability is already present on the attraction, our staff may ask you to wait for the previous Guest to descend.

We inform you that our Staff must always evaluate whether the configuration of seats and holding devices or the evacuation procedures in case of emergency enable you to use the ride in total safety or not. Whenever any of these essential safety conditions are not granted, you may be forbidden to access the ride. Conditions for accessibility of rides may be modified without prior notice (for example, in case of bad weather and/or due to technical reasons). Finally, to safeguard your health and wellbeing, please observe the Park internal rules and follow all instructions given by Gardaland Staff.
